Our friend Haight visited friends in Port Huron, Sunday last. Reports a good time.

Del Waldrop wears a broader smile than usual. Twins at his house is the cause.

We return thanks to Miss Eva White for a beautiful bouquet of flowers presented to us.

Some one poisoned Register of Deeds Duffie's dog "Ned" Monday. The dog was ten days of age, and was considered valuable by Mr. Duffie.—Port Huron Times. Letters of condolence are in order.

Mr. Keeler's house, northeast of here, was struck by lightning on Wednesday night last about 11 o'clock and the inside completely demolished. Mr. Keeler and wife were stunned by the shock although not very seriously injured.

The services held in the M. E. church in commemoration of "Children's Day" was largely attended and interesting to all. The program was instructive and well suited to the occasion. The recitations and singing contributed by the different classes were good, notwithstanding the very limited time for preparation. No small amount of credit is due the decorating committee for their beautiful floral decorations which added life and beauty to the occasion. The Sunday school under the able management of C. Cooper is prospering remarkably well. It now has an attendance of one hundred and fifty-two scholars. May it continue to grow until all—who are not members of any other school are brought within the refining influences of its moral and religious culture.

Jas. Pearce and wife are visiting friends at Algonac at present.

We wish to call the attention of our readers to the change of adv. of Ovens & Bradwood in this issue. When in the village give them a call.

We have one lot in the Chamberlain addition to the village of Brockway Centre which we offer cheap. Parties wishing to buy will do well to give us a call.

Capt. Cotton, having nicely furnished his house and repaired his buildings, is amply prepared to make his guests comfortable and happy. As he is a good business man, a genial landlord, we can safely predict for him a flourishing business.

When, where, and how shall we build our new school house is the now absorbing question. Let enterprise have its way and fogies hold their peace. Then the refining influences of educational institutions will enter in, to the benefit of all.

The following, says an exchange, is a good thing for a farmer to know: "In a test made by an Ohio pork raiser he found that a bushel of corn fed from the cob made nine pounds of pork. A bushel of corn boiled made thirteen and one half of pork, and a bushel of meal cooked made sixteen and one eighth pounds."

The Oxford Globe, ever watchful for an opportunity to shield its readers from the trickery of sharpers, warns them as follows: "The latest dodge in this section to gull the unsuspecting farmers—especially those who do not read the papers much—is the 'red line wheat' dodge; it is the same old 'Bohemian oat' dodge with 'red line' added. The enormous profits you are promised will be mostly in your mind. Remember this! and don't sign a note or contract, if you want to save yourselves from chagrin and financial loss."

The Albia Heywood combination will give two entertainments at Central Hall Monday and Tuesday, June 21 and 22. They come well recommended by both press and public. Popular prices. Admission 15 cts, children under 12, 10 cts, reserved seats 20 cts. See what the press says of them.

FRIEND MENZIES.

Again I will try and pen you a few lines about the sunny South. We have had a lovely spring so far, only a little too much rain. The farmers complain of the ground being too wet to work, and the weeds are getting start of the corn. Crops are looking well. Oats are splendid and potatoes are looking nicely. Some farmers are using new potatoes and green peas. The German settlers are fixing up some of the oldest houses for a new country. Some have as high as 1000 grape vines growing nicely and still are fixing the ground for more. They are going into the wine business, and can make a success out of it. They grow grapes here in one year when they do in Michigan in two. Strawberries are a success here also; we bought a great many this spring that weighed one ounce each. Fruits of all kinds, excepting blueberries, does splendid here. Peaches bloom too early and the frost kills them. The natives are learning to farm now since northern men come here. They formerly used a piece of ground until it would not raise any thing and then they throw it out and clear another piece. They never use any manure or fertilizer, but now they have commenced to sow clover and timothy, and plow it under and see the benefit of it at once. The natives are a very friendly people, but the poorer class is very ignorant. Now as regards to this place for poor men to come, my advice is for any man that has a small capital to not come here, for there is no work here for him to get to support himself and family, and if a man goes on a new place, he cannot raise anything to amount to much the first year; but if a person has enough money to buy a piece of land and build a house on it, and keep himself and family for one year, he is all right. You can buy land here from \$1.25 to \$3.00 per acre, well watered and lots of timber such as oak, chestnut, pine, hickory, etc. There are great many northern men here around Allardt. S. Marks formerly of Keokokee, James Martin, Mr. Kring, Wm. Youngs and Jas. Currie, of Greenwood. They all have nice places. Mr. Kring has a blacksmith shop in Allardt and does the part of the farm and part in the shop. Hill & Locke have a nice hotel, well furnished and centrally located. They would be pleased to have any one from the north and wish to visit the south to call and see them. Any one wishing to change climate for health, come to the Cumberland Plateau, there is not a healthier place nor finer water in the United States. Yours, F. A. H.

A Happy Family

Circle is the greatest blessing of our civilization, but such a thing is not possible when disease and death lurks on the threshold. One of the most important matters to be attended to, is that the Liver and Kidneys are in a healthy condition. More trouble arises from derangement of these organs than from any other cause, often resulting in Diabetes, Bright's Disease, and other difficulties that are generally counted incurable. Parmelee's Dyspepsia, Diabetes, Kidney and Liver Cure will prevent and cure all these difficulties with great certainty. Large bottles \$1. Sold by C. A. Wells & Co.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, and you are nervous, and generally out of sorts, and want to brace up. What you want is an alternative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at C. A. Wells & Co's Drug Store.
